HFNL AGM 14/11/18

## PRESIDENTS REPORT

It has been a pleasure and honour to be chairman of our great football netball league.

Thank you to all our Major sponsors WAW ,Springdale Heights tavern, Cadmac Machinery,RSM accounting, HarrisLieberman,  
And league partners Commercial Club ,HeathFocus, Jacob Toyota ,1494 2ay, Sherwood, Club Warehouse.

Thanks to trainers ass and Fran jones and Simone alexander for their work and the trainers of every club.

Thankyou also to all involved in inter league football and netball it was a great day with a welcome outcome, Howlong also did a fantastic job of looking after us and the o&k players and officials.  
Thank you to all the club committees and presidents for their patients and understanding during the season, you never get tiered of working with passionate people.

To the independent board members who are a diverse and committed group of people who care about country football and netball they have been patient and very helpful at times when I need them.

Thank you to each and every one of you for your input and heathy debate throughout the season.

A big thanks to Phil Bouffler who has been a driving force behind a lot of the sponsorship, which makes the administration of league self-funding and not a burden on clubs as it is in other leagues. That's why I believe the new board is independent and will continue to act with the league's best interest at heart.

To our general Manager Dalton Wegener I'm sure it's been a long year, he has new chairman in training not an easy task , thank you for all you're your patients for all you have done for sport in the area and I and the board look forward to working with you in the future.
