Examples

Example 1:

Player A is 15 years old. They have played the whole season in 15s, 4 games in 17s, 3 games in C Reserve and 5 games in C Grade.

Come finals this means they will be tied to 15s and C Grade (Not 17s because they haven't played 6 games in 17s). This means they can go up to play C grade (starting on the court) and still able to go back to 15s.

If Player A goes up to play 17s in finals and takes the court for any reason except injury or illness they will become tied to 17s and cannot go back to 15s.

Example 2:

Player B has played games in 15s, 12 games in 17s and 8 games in B Grade.

Come finals this player will be tied to 15s, 17s and B Grade and therefore can play all 3 grades for the whole finals series.

Example 3:

Player C is 17 years old. Players 5 games in 17s, 13 games in B Grade and 15 games in A grade.

Come finals Player C will tie to A Grade only.

Note: If they had played 1 more game in 17s to make it 6 games they would tie to 17s and A Grade for finals.

Example 4:

Player D is 13 years old. She has been playing 15s the entire season. Come round 14 she has played 13 games in 15s. The 13s team is short of numbers so she decides to help them out for the rest of the season.

Come finals she has played 18 games in 15s and 4 games in 13s. She will be tied to 15s.
